

CURRICULUM VITAE
MATTHEW J. WILKE
IAAI-CFI®

Mr. Wilke's background consists of education/technical training and over 25 years of professional fire service experience.

Mr. Wilke continues to work for a municipal fire department in the capacity of a Fire Captain since 2001. Fire department duties Mr. Wilke is responsible for include fire suppression, EMS responses, conducting daily training, code enforcement (commercial fire inspections) and fire investigations. He is responsible for conducting quarterly fire investigation training for the fire department. He has been involved in over 100 investigations including investigating, report writing or technical review of fire losses.

Mr. Wilke began his employment with Fire Cause Analysis in 2013 as a fire investigator. He has conducted over 250 fire investigations including vehicle, single family homes and commercial fires. Mr. Wilke is an expert in the fire and explosion investigation process, including managing and the collection and preservation of evidence.

Mr. Wilke has been a member of the North Dakota Chapter - International Association of Arson Investigators since 2001, and a member of the International Association of Arson Investigators since 2002. He has successfully challenged the International Association of Arson Investigators examination achieving the Certified Fire Investigator (CFI) credential in 2009 and has successfully renewed it to maintain the certification.

Mr. Wilke has his Private Detective Licenses in Minnesota and Montana. He is Firefighter 1 and Firefighter 2 certified through the North Dakota State Fire Association. He is a Registered Emergency Medical Technician.

In 1989 Mr. Wilke graduated with a BA in Communications from the University of Mary.

Professional Experience

FIRE INVESTIGATION CONSIDICS - FIRE SCIENCE & ENGINEERING

ANSWERS FROM ASHES™

Serving Clients Nationwide

Offices: Arizona, California, Idaho, Minnesota, Nevada, North Dakota, Oregon, South Dakota, Washington

Fire Cause Analysis, Berkeley, CA

Fire Investigator

November 2013 - present

Conducts fire and explosion investigations to determine the origin and cause.

Bismarck Fire Department, Bismarck, ND

Captain - Fire Investigation Training

2008 - present

Prepares and conducts quarterly training for the department's investigation team. Conducts fire and explosion investigations. Moderates case studies within the department.

Captain

2001 - present

Completes and directs Fire Safety Inspections for a fire department company. Conducts fire investigations assigned to our shift, including scene examination and report writing to determine origin and cause.

Investigation Team

2000 - present

Fire investigator responsible for conducting fire and explosion investigations to determine origin and cause

Firefighter

1996 - 2001

Education

Communications, BA, University of Mary, Bismarck, ND

1989

Professional Designations and Certifications

Certified Fire Investigator – International Association of Arson Investigators

64-071602

07/16/2009

Professional Licenses

State of Minnesota Private Detective License # 1059

State of Montana Private Detective License #PSP-PI-LIC-22506

Professional Associations

Teaching Experience

- 01/15/19 North Dakota Chapter - International Association of Arson Investigators Quarterly Training, *Testing your Hypothesis*
- 05/07/19 North Dakota State Claims Seminar, *Spoilation & the Clams Adjuster*
- 05/07/19 North Dakota State Claims Seminar, *Fire & Explosion Invest that Sizzle*
- 03/06/19 Upper Red River Valley Claim Association Monthly Training, *Fireproofing Your Case*
- 09/20/17 North Dakota Chapter - International Association of Arson Investigators Annual Training Conference, *Application and Use of NFPA 921*, 4 hours
- 09/11/15 North Dakota Chapter - International Association of Arson Investigators Fire Dynamics, 8 hours
- 10/07/14 Fire Cause Analysis and Western Dakota Claim Association, *Live Training Burn* workshop with live burn & discussion on fire development, fire patterns and determining the cause
- 2008 to present Responsible for setting up and conducting quarterly training for the Bismarck Fire Department investigation team.

NFPA 1033

Compliance with NFPA 1033 (2014) Chapter 1 – This chapter identifies the minimum job performance requirements for fire investigators. More specifically section 1.3.7 details what the fire investigator must maintain at a minimum and up-to-date basic knowledge of the following topics beyond a high school level. They fall into 16 categories and they may be maintained by attending formal education courses, workshops and seminars and/or through professional publications and journals. The categories are listed below and are supported by the applicable training that corresponds with each competency. This list is not all inclusive and will not reference all courses that may have provided instruction on a variety of NFPA 1033 related topics simultaneously.
