

ULISES CASTELLON, CPCU, RPA

Ulises Castellon, CPCU, RPA has worked as a claims professional for over thirty-five years. In 1996, he associated with Fire Cause Analysis, a premier forensic investigation and engineering firm, and is currently Chief Operating Officer. He is also the principal of a consulting business, Claims Analysis serving clients as an insurance consultant and expert witness.

Ulises has managed numerous first and third-party cases through litigation and has extensive deposition and trial testimony experience in a variety of jurisdictions. In addition, he regularly teaches courses on issues ranging from Arson and Fraud Investigation to Fair Claims Practices. He has presented nationally at PLRB on numerous occasions and at various statewide organizations. He is a co-author of Scientific Evidence and Expert Testimony, Chapter 6 – Origin and Cause of Fire. In addition he is a contributing author of The Institutes Associate In Claims (AIC) 31 Insurance Designation on Investigating Losses Caused by Fire, Lightning, Smoke, and Explosion, The Fire Investigation Team & Investigating a Suspicious Fire Loss.

Ulises is bilingual and has acted as a media spokesperson for local news and information programs, including Spanish-speaking television.
